EDUCATION

R. C. Patel Institute of Technology, Shirpur

August 2023 – Present

B.Tech in Computer Science and Engineering (Data Science)

CGPA: 8.85/10 (Till 5th Semester)

- Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Natural Language Processing, Machine Learning, Web Development, Object-Oriented Programming, Software Engineering

EXPERIENCE

Infosys Springboard

October 2025 – December 2025

Artificial Intelligence Intern

Remote

- Engineered an AI-powered Regulatory Compliance Checker for legal contracts using Natural Language Processing (NLP), reducing manual contract review time by 60% through automated GDPR/HIPAA amendment recommendations.
- Architected a Retrieval-Augmented Generation (RAG) pipeline with vector-based document search, achieving 85%+ query accuracy for intelligent contract clause retrieval across 500+ document types.
- Automated PDF report generation with highlighted amendments and email notification system, eliminating 4+ hours of manual compliance reporting per week.
- Deployed an interactive Streamlit dashboard for contract compliance analysis, enabling real-time review of 100+ contract parameters and streamlining document workflow for legal teams.

PROJECTS

Smart Personal Expense Tracker | *React.js, Node.js, Express.js, MongoDB, LLM* | [GitHub](#) | [Live](#)

2025

- Engineered secure user authentication with bcrypt.js password hashing, protecting financial data for 100+ concurrent users across a full-stack MERN application.
- Built 15+ RESTful API endpoints with full CRUD operations, reducing data retrieval latency by 40% through optimized MongoDB queries and indexing strategies.
- Delivered a financial analytics dashboard with 10+ KPI visualizations covering income trends, expense breakdowns, and AI-driven spending forecasts.
- Integrated an LLM-powered chatbot providing personalized financial guidance, increasing user engagement by 35% through intelligent budget recommendations and anomaly detection.

Vehicle Rental Website | *HTML, CSS, Node.js, Express.js, MongoDB, Bootstrap* | [GitHub](#) | [Live](#)

2025

- Developed a full-stack MERN rental platform managing 200+ vehicle listings with complete booking lifecycle (create, update, cancel, confirm) via RESTful APIs.
- Secured application with JSON Web Token (JWT) authentication and role-based middleware, reducing unauthorized access attempts and ensuring data integrity across 5+ user roles.
- Crafted a fully responsive Bootstrap UI with seamless REST API integration, achieving consistent cross-device performance across mobile, tablet, and desktop viewports.

TECHNICAL SKILLS

Programming Languages: C, Java, Python, SQL

Web Development: MERN Stack (MongoDB, Express.js, React.js, Node.js), REST API Design, JWT Authentication, HTML5, CSS3, Bootstrap, State Management

Artificial Intelligence and Machine Learning: Natural Language Processing (NLP), Retrieval-Augmented Generation (RAG), Large Language Models (LLMs), Supervised Learning, Text Classification, Vector Embeddings

Data Science and Analytics: Streamlit, Jupyter Notebook, Google Colab, Data Visualization, Exploratory Data Analysis (EDA), Statistical Analysis

Databases: MongoDB, MySQL, SQL Query Optimization

Developer Tools: Git, GitHub, VS Code, Eclipse, Linux, Postman, Agile Methodology

Soft Skills: Leadership, Team Collaboration, Problem Solving, Communication, Time Management

ACHIEVEMENTS AND PARTICIPATION

CodeChef: Achieved 2-Star rating (max 1576), solved 1000+ problems, and maintained a 250+ day streak, ranking in the top 10% of competitive programmers on the platform.

LeetCode: Solved 200+ algorithmic problems in data structures and dynamic programming; earned the 100 Days Coding Badge for consistent daily practice.

Smart India Hackathon (SIH) 2024 and 2025: Qualified Institutional Round and nominated for Round 3 in both consecutive years, competing against 500+ teams in national-level problem-solving.

RCPIT Converges 2025 and 2026: Won 1st Prize in two consecutive technical competitions, demonstrating innovation in software development and applied AI.

CERTIFICATIONS

NPTEL – Natural Language Processing | IIT Kharagpur

Python Essential 1 and 2 | Cisco Networking Academy

Data Science Professional Certification | Oracle University

Database and SQL | Infosys Springboard

Programming Skills Enhancement | CodeChef
